

# Roll No: 43209

## Assignment 7: Code

## Assignment 7: Output

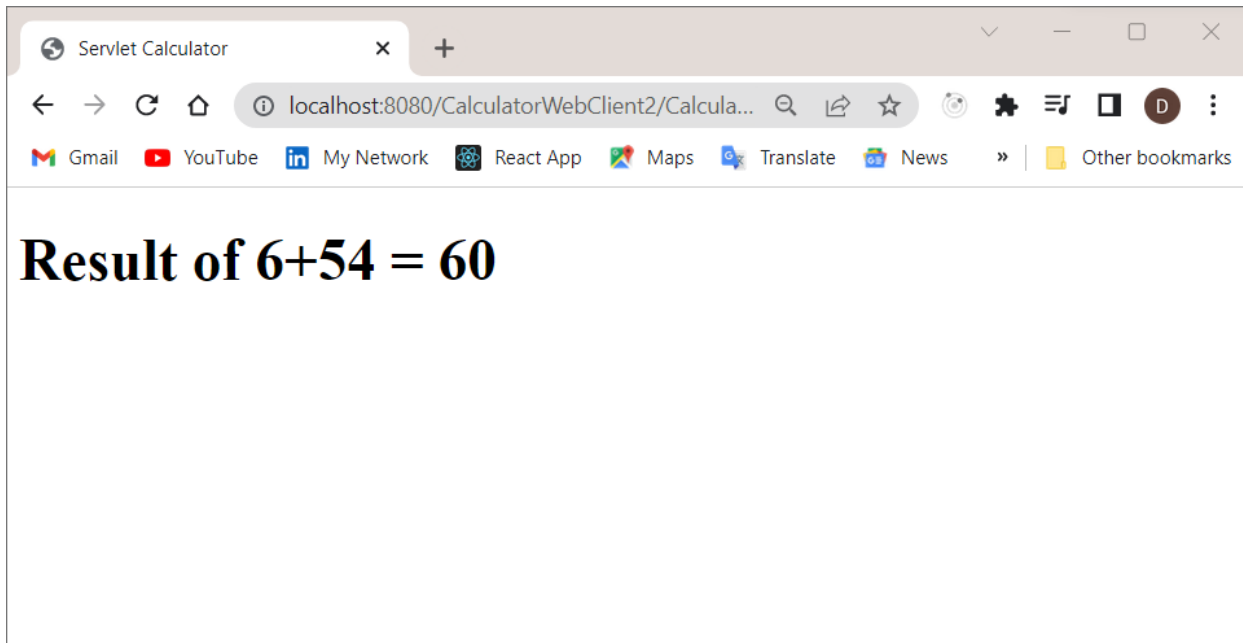

A screenshot of a web browser window. The title bar shows "TODO supply a title". The address bar shows "localhost:8080/CalculatorWebClient2/". The browser has several bookmarks: Gmail, YouTube, My Network, React App, Maps, Translate, News, and Other bookmarks. The main content area contains a form with two input fields and a submit button. The first input field is labeled "Enter number 1:" and contains the value "6". The second input field is labeled "Enter number 2:" and contains the value "54". Below the input fields is a button labeled "Submit".

Enter number 1: 6

Enter number 2: 54

Submit

A screenshot of a web browser window. The title bar shows "Servlet Calculator". The address bar shows "localhost:8080/CalculatorWebClient2/Calcula...". The browser has the same bookmarks as the previous screenshot. The main content area displays the result of the calculation in a large, bold, black font.

**Result of 6+54 = 60**
